

Fred Bartlit Has Been Selected as One of the Best 20 Trial Lawyers in the World by Euromoney Legal Media Group After Year Long Selection Process

July 2000

In July 2000, Euromoney Legal Media Group published the guide to "The Best of the Best." This is the second international guide identifying the world's leading 20 lawyers, across 12 practice areas, and the 58th in a series focusing on leading professionals worldwide. Each individual listed was nominated by their professional peers and clients as a leading advisor in their field.

Original Research:

Nominations were sought as part of an exhaustive research process that included:

- Sending over 15,000 questionnaires to senior in-house counsel, senior partners at pre-eminent law firms and other specialists in 60 jurisdictions.
- Conducting interviews with selected in-house counsel at leading corporations, and senior partners within leading law firms in major commercial centres worldwide, such as Frankfurt, Hong Kong, London, New York, Paris, Singapore, Washington, and Geneva.

As a final verification the short list of nominees was discussed with a select group of experts who were asked to provide comments.
